**AMEND Senate Bill No. 693\***

**House Bill No. 1557**

by deleting the language of the first § 68-30-118 in SECTION 1 of Amendment #1 (drafting code 004878) and substituting instead the following:

§ 68-30-117.

(a) In this section:

(1) "Advanced health-care directive" means a power of attorney for health care or a record signed or authorized by a prospective donor containing the prospective donor's direction concerning a health-care decision for the prospective donor;

(2) "Declaration" means a record signed by a prospective donor specifying the circumstances under which a life support system may be withheld or withdrawn from the prospective donor; and

(3) "Health-care decision" means any decision regarding the health care of the prospective donor.

(b) If a prospective donor has a declaration or advance health-care directive and the terms of the declaration or directive and the express or implied terms of a potential anatomical gift are in conflict with regard to the administration of measures necessary to ensure the medical suitability of a part for transplantation or therapy, the prospective donor's attending physician and prospective donor shall confer to resolve the conflict. If the prospective donor is incapable of resolving the conflict, an agent acting under the prospective donor's declaration or directive, or, if the agent is not reasonably available, another person authorized by law other than this act to make health-care decisions on behalf of the prospective donor, shall act for the donor to resolve the conflict. The conflict must be resolved as expeditiously as possible. Information relevant to the resolution of the conflict may be obtained from the appropriate procurement organization

and any other person authorized to make an anatomical gift for the prospective donor under Section 68-30-109. Before resolution of the conflict, measures necessary to ensure the medical suitability of the part may not be withheld or withdrawn from the prospective donor if withholding or withdrawing the measures is not contraindicated by appropriate end-of-life care.

AND FURTHER AMEND the bill as amended by Amendment #1 (drafting code 004878) by adding the following as a new, appropriately designated section in SECTION 1:

§ 68-30-\_\_\_. Nothing contained in this act shall be construed to supersede or revoke, by implication or otherwise, any valid gift of the entire body to a medical school.

AND FURTHER AMEND the bill as amended by Amendment #1 (drafting code 004878) by deleting § 68-30-105(a)(2) in SECTION 1 and substituting instead the following:
